Protection Products

Diamond Kote's superior protection technologies keep your vehicle looking new inside and out, around the clock.

PAINT PROTECTION

Diamond Kote® NanoCrystal Paint Protection

Defy the Elements

Diamond Kote delivers a whole new level of paint defence. Advanced NanoCrystal Paint Protection creates a hard working barrier that protects against the destructive elements your vehicle faces daily.

RUST & CORROSION PROTECTION

Diamond Kote Liquid Corrosion Protection

Rust Never Sleeps

Diamond Kote Liquid Corrosion Protection penetrates deep into trouble spots, stopping rust before it starts. It's scientifically engineered to expand and contract with temperature changes, while keeping air and water out.

Diamond Kote Sound Shield Undercoating

Block Out Rust and Sound

Our premium, virtually indestructible vulcanized rubber undercoating not only protects your vehicle from the elements and rust, but it also blocks excessive road and engine noise.

CORROSION CONTROL MODULES FOR STEEL AND ALUMINUM VEHICLES

DK9000 Platinum

Stop Steel Corrosion where it Lives

The world's most technologically advanced and bestselling corrosion control module, DK 9000 uses electronically controlled pulse-impressed current and sacrificial anode technology to stop corrosion before it starts.

DK9000-AL

The World's Only Aluminum Corrosion Module for Vehicles

DK9000-AL is the only electronic module on the planet designed specifically to fight oxidization on today's greener, aluminum bodied vehicles. It combines electronically controlled pulse-impressed current with aluminum-specific sacrificial anode technology to stop oxidization at its source.

Protection Insurance

Diamond Kote offers the best surface perforation and image guard coverage packages in the industry to help protect the appearance and value of your vehicle.

INTERIOR PROTECTION

Diamond Kote NanoCrystal Fabric Protection

Keep the Interior Looking Newer Longer

Our NanoCrystal Fabric Protection forms a strong, invisible shield, without altering the natural beauty of carpets and upholstery. Backed by a fully insured warranty, our Fabric Protection is guaranteed to last.

Diamond Kote Leather & Vinyl Protection

Stay Beautiful from the Inside Out

Diamond Kote's Leather & Vinyl Protection creates an invisible, breathable protective shield. Our unique water-based formula is backed by a fully insured warranty and guaranteed to last.

Diamond Kote Image Guard Pro

Protect Yourself Against Costly Paint Damage

Image Guard Pro is a fully insured warranty, and the best aesthetic surface corrosion coverage available. For your first five years of ownership, this additional warranty will pay for up to two repairs of surface perforation or blistering of 2cm or more on the exterior painted panels of your vehicle.

Diamond Kote Surface Perforation Pro

Get Added Coverage for Unightly Surface Perforations

Surface Perforation Pro provides additional coverage against metal perforation – even when caused by a stone chip or a scratch. Our coverage is a fully insured warranty that protects your vehicle and its value.

Diamond Kote Surface Perforation Pro & Image Guard Pro Combo

Your Vehicle Deserves the Industry's Best Coverage

Surface Perforation Pro and Image Guard Pro are now available as the ultimate combo package. Never before has an aesthetic surface rust program been combined with rust perforation coverage. As an added bonus, our combo package extends the manufacturer's Sheet Metal Corrosion Warranty on your new vehicle.
